

Form U (Year 4) MOCK

Diagnosis and Treatment Planning Assessment (DTPA)

Academic Year 2019-20

	udeniit rear 2019-20					
St	tudent ID Number Candidate Number S					
D	ate 2 4 / 0 2 / 2 0					
Α	ssessor (first & last name)					
О	bservation of Student					
	·					
Observation of Student X = not attempted/failed to consider Y = attempted but inadequate/incomplete Z = performed adequately and completely Irreversible pulpitis UL7 and apical periodontitis UL7 X = Failure to diagnose Y = Either irreversible pulpitis UL7 and apical periodontitis UL7 recorded Z = Both irreversible pulpitis UL7 and apical periodontitis UL7 recorded Cacalised periodontitis, stage III, grade C, currently unstable X = Failure to diagnose periodontitis X = Failure to diagnose of localised periodontitis X = Failure to diagnose X						
Z =	e performed adequately and completely	V	V	7		
1	Irroversible pulnitis III 7 and anical periodentitis III 7	Х	Y			
-	X = Failure to diagnoseY = Either irreversible pulpitis UL7 or apical periodontitis UL7 recorded					
2	Localised periodontitis, stage III, grade C, currently unstable					
	Y = Diagnosis of localised periodontitis with no mention of stage/grade/stability or all incorrect. Diagnosis of generalised periodontitis (+/- correct/incorrect stage/grade/stability)					
3	Caries LR5 and temporary restoration UL7					
	 X = Failure to diagnose Y = Diagnoses one tooth correctly only Z = Correct diagnosis both teeth 					
4	Caries UR6					
	 X = Failure to diagnose Y = Describes as fractured filling / cavitation; no mention of caries Z = Correct diagnosis 					
5	Acquired tooth loss / missing teeth UR5, UL5, LL6 (not to include 8's)					
	 X = Failure to diagnose Y = Only mentions two or less of the above teeth Z = All three missing teeth correctly identified
